ANNUAL TOWN ELECTION

March 24, 1992

BALLOT QUESTIONS

QUESTION 1:

"Shall the acceptance by the town of an act passed by the General Court in the year nineteen hundred and fifty-five, entitled 'An Act relative to nominations and elections for municipal offices in the town of Amherst', be revoked?"

QUESTION 2

"Shall the voters of Amherst advise their elected federal representatives and the President:

Whereas a citizen's wealth should not determine the extent to which that person can participate in our democratic process, and whereas contributions by wealthy individuals and Political Action Committees (PAC's) account for most of the money spent on federal elections, and whereas such private contributions create conflicts of interest for politicians who accept this money, and whereas people of average means can not participate in the democratic electoral process on an equal basis with the wealthy, now be it therefore resolved that federal public elections not be financed with private money, but through a public funding mechanism that funds each legally qualified candidate for a particular office equally, and at a much lower level than current average spending levels. Be it further resolved that the broadcast media be required (as part of their Federal Communications Commission public service requirements) to provide free and equal time to all candidates for a particular office as a means of leveling the playing field and reducing the cost of political campaigns."
