

## COMMUNITY PRESERVATION ACT COMMITTEE Fiscal Year 2014

The Community Preservation Act (CPA) was adopted by Amherst voters in April 2001, which established a local fund based on a 1% tax surcharge (subsequently amended to 1.5%) on property valuations above \$100,000 *for the acquisition, creation and preservation of open space; for the acquisition, preservation, rehabilitation and restoration of historic resources; for the acquisition, creation and preservation of land for recreational use; for the creation, preservation and support of community housing; and for the rehabilitation or restoration of open space, land for recreational use and community housing that is acquired or created.*"The law also established a State Trust Fund, from which annual allocations are made to towns that have accepted the Act, partially or fully matching local appropriations. This has allowed for a wide range of projects to be undertaken. Local allocations have been matched 50% by the state. The declines in the match for communities stem from the falling real estate market and a growth in the number of communities participating in the program, thus spreading the funds out over a larger base.

The Community Preservation Act Committee (CPAC) is charged with assessing the needs of the Town in those areas identified by the Act, and recommending relevant expenditures to Town Meeting. By state law, CPA funds are to be spent only on community housing, historic preservation, open space, and recreation. A minimum of 10% of the available funds (from the surcharge and the state match) must be set aside each year (although not necessarily spent) for each of three categories of community housing, historical preservation, and open space. Recreation is the fourth recipient, or beneficiary, but is not mandated to receive the minimum 10%.

In allocating the Community Preservation Act 1.5% surcharge and 25% matching state funds the Community Preservation Act Committee (CPAC) committed to:

- a) Advancing projects currently underway
- b) Projects broadly supported across committees and Town departments, or
- c) Meeting ongoing legal obligations.

Under the Community Preservation Act cities and towns are required to spend 10% of collected funds on each of the three following categories:

- Affordable Housing creation and support
- Historic Building and Landscape acquisition and preservation
- Open Space acquisition and preservation

The remaining 70% may be directed toward any of the above three categories or for land used as Recreation Space.

<b>FINANCIAL REVIEW:</b>	
<b>Beginning Fund Balance July 1, 2013</b>	<b>\$ 156,768.86</b>
Current Year Tax Surcharge at 1.5%	\$ 440,998.74
